

## DS-PSP1-WE Smart Plug

DS-PSP1-WE Wireless Smart Plug offers you a smart home solution to end users, you can connect any electrical devices to this plug, like heater/electric fan/table lamp. You can manually enable or disable the plug via APP/Keyfob/Keypad, also you can enable or disable it automatically by linking to different system events, like Arm/Disarm, Time schedule, System Status. By using this device, you will have a chance to make your home more intelligent.

- 868 MHz two-way wireless communication
- AES-128 encryption
- LED display
- Automation operating, one button turn on/off from APP/Keyfob/Keypad
- Setting scenarios by different events

## ▪ Specification

| Software features          |  |
|----------------------------|--|
| Scenario setting           | By Alarm, By Operation, By Fault, By Schedule, By Manual |
| Learning button            | 1, For register  |
| Electrical characteristics |  |
| Power supply               | AC 100 V to 240 V, 50/60 HZ , Max 10 A                   |
| Operation humidity         | 10%~90%  |
| Operation temperature      | -10 °C to 55 °C  |
| Wireless transmission      |  |
| RF frequency               | 868 MHz  |
| RF method                  | Two way communication                                    |
| RF modulation              | 2GFSK  |
| RF distance                | 1600 m   |
| Wireless security          | AES-128  |
| Display                    |  |
| LEDs status                | 1 (Green/Red)  |
| General                    |  |
| Installation method        | Plug into Socket   |
| Dimension(W x H x D)       | 52 x 52 x 88 mm  |
| Shell material             | Plastic  |
| Color                      | White  |
| Weight                     | 85 g   |

## ▪ Available Model

DS-PSP1-WE
